## Theory of evolution

A great deal depends on whether or not the theory of evolution is true. If it is true then the Genesis account of creation is probably mistaken. And if the Bible is mistaken, can it really be God's word? Dr. Luther Sunderland may be able to help you decide on evolution's relationship tonight April 13, at 8 p.m. in the Vincent Science Building auditorium.

Dr. Sunderland will present a slide program demonstrating that the theory of evolution is false. After his presentation the speaker will accept questions from the audience.

Dr. Sunderland is an aerospace engineer by training who has presented his slide program at universities across the country. He has also appeared on the British television program, "The Evolution of Evolution." The controversy surrounding this important subject promises to make this a lively program.

## SCHOLARSHIP COMPETITION

The Slippery Rock Chapter of APSCUF, Inc. annual APSCUF scholarship competition is open to any Slippery Rock University student (registered for six hours or more in the current semester) who is a member of the immediate family of a member of a recognized labor union. The Scholarship carries a cash award of \$390 (about half of the basic fee for a semester), which is funded by a grant of \$350 from APSCUF, Inc., the state-wide faculty union, and \$40 from SR/APSCUF, the local chapter.

Selection of the winner is based upon academic performance (3.0 Q.P.A. minimum), extra-curricular and community activities, three letters of recommendation from faculty members and completion of a 500 word essay on a personal view of the American labor movement.

The application deadline is April 27. Applications may be obtained from the SR/APSCUF office, 001 McKay Education Building or from Henry Anna, Public Administration Department, Chairperson of the SR/APSCUF Scholarship Committee.

## Alpha Sigma Alpha

The Gamma Xi chapter of Alpha Sigma Alpha sorority is planning to reorganize its chapter.

This means that the chapter is rebuilding and recruiting an entire new membership. An entirely new sorority is being built from the ground up. Those individuals who indicate an interest in taking on this major opportunity will be part of the chapter's re-founding and can participate in building a whole new group as they perceive it should be.

Any women attending SRU and interested in pledging a social sorority are urged to attend an informal meeting Monday, April 16 at 8 p.m. in room 205 of the University Union. Anyone wanting more information should call Lynne Porch at 794-5372 or contact any ASA sister.

# WEEK 1984

## greek unity at SRU

Week is also a way of displaying the of the Greeks.

ik if non-Greeks saw Greek Week, they e the strength of the Greek system," said uecher (Alpha Sigma Tau).

organization pulls together and puts forth Fort. It is then that it becomes evident how everyone cares about his or her organiza-echer stated as she cheered her sorority in vent.

Greek Week included events such as *Anything Goes on Wheels*, in which Greeks built their own vehicle and pushed it in a race.

Other events were: tug-of-war, pyramids, keg throw, track events, swimming events, volleyball, murderball (like dodgeball), quiz bowl, air rock, broomball, and dizzybat (a relay event where competitors rotate a bat ten times before attempting to run back to their team so the next person may start.)
