IFC board members elected

By ROBERT ZIEMBA
Rocket Photo Editor

Recently, the Interfraternity Council (IFC) elected seven new Executive board members to serve as representatives for the campus fraternities. The newly elected are: President, John Parsons, Lambda Chi Alpha; Administrative Vice President, Dan Zuhiga, Kappa Delta Rho; Executive Vice President, Randy Eaton, Alpha

Sigma Phi; Secretary, Mike Stotsky, Phi Sigma Epsilon; Treasurer, Brian Saul, Theta Chi; Parliamentarian, Rich Durham, Sigma Pi; and Intra-mural Scholarship chairman, Mark Shulman, Theta Chi.

The council's purpose is to serve as a judicial board and to coordinate activities between

the fraternities during various times in the year. Newly elected IFC President, John Parsons, said that "the council's objectives are to promote interest in social, academic, educational, and fraternal activities of all involved in the fraternal system."

The IFC board consists of two representatives from each fraternity with seven being

chosen to serve on the executive board. Parsons stressed that "one of the major goals of IFC is to improve the greek image and relations on campus as well as establish better relations with the community."

Parsons said that the council would like to see an overall increase in the greek popula-

tion, "because they feel that the greek system promotes and teaches leadership skills to those involved in the organization."
