THETA CHI

The Theta Chi fraternity was organized on Slippery Rock's campus in 1961 with the purposes of offering to each member true friendship; encouraging intrafraternity co-operation and participation in fraternity activities; providing stimuli for scholastic endeavor; and encouraging participation in other worthwhile campus activities. Membership in Theta Chi is open to all male students of Slippery Rock State College, and men of all curricula. Theta Chi is as yet only a colony on Slippery Rock's campus, the Alpha Sigma Chi Colony of the national fraternity, but the members are looking forward to being institutionalized.
