Theta Chi Fraternity is one of the oldest national fraternities, having been founded in 1856. In terms of total membership it ranks among the leading fraternities in the country. The Theta Chi's at Slippery Rock are joined together with the purposes of offering true friendship to each member, encouraging interfraternity co-operation and participation in fraternity activities, providing stimuli for scholastic endeavor, and encouraging participation in other worthwhile campus activities. Men of all curricula who are in good standing are welcome as members of Theta Chi, pro-

viding that they have the approval of all active members at the time of initiation. The brothers of Theta Chi, who were organized on this campus in 1961, sponsor social events for the members, co-operate with other Greeks, and offer their assistance to any group or individual on campus who may need help in organizing or promoting any type of special event. Dr. Charles Godlasky is the faculty sponsor. Theta Chi has active chapters at Pitt, Clarion, Penn State, Waynesburg, Allegheny, Kent State, Youngstown University, Ohio State, and Bucknell.
