

# THETA CHI

The Alpha Sigma Chi colony of Theta Chi Fraternity was organized at Slippery Rock in 1961. The colony was installed into the national Theta Chi organization at a summer convocation held at Slippery Rock in 1964. Theta Chi stands for true friendship. Only with deep felt sincerity to the ideals of Theta Chi is a new member admitted to the fraternity. Sincerity for the Fraternity is carried over to include

all school functions and all inter-fraternity functions. It is the firm belief of Theta Chi that true friendship exists when there exists a desire to belong, a desire to participate, and a desire to work together to meet a common goal, the goal being friendship. Membership in Theta Chi is open to male students who share this goal and are willing to work for it.
