## THETA CHI

Theta Chi stands for true friendship. Only with deep-felt sincerity to the ideals of Theta Chi is a new member admitted to the fraternity. Sincerity for the fraternity is carried over to include all school functions and all interfraternity functions. Friendship for Theta Chi brothers exists where there exists a desire to belong, to participate, and to work together to meet a common goal—the goal being that of friendship. Beginning as the Alpha Sigma Chi Colony, the Zeta Alpha chapter was organized nationally in 1964. The brotherhood's activities for this year included remodeling of their house on Main Street and achieving honorable mention in national publication for high scholarship awards on the small college level. The brothers were also honored to have Jim Grande, vice-president of the fraternity, serve as president of Interfraternity Council.
