We have so many reasons to say

Thank you!

I am so grateful to the many donors who have supported our university. Your outpouring of support and continued investments have touched the lives of so many students on our campus and enabled many of them to achieve goals they never thought possible.

This past fiscal year, over 3.8 million dollars in private gifts were received to support our growing student body.

Your gifts speak volumes. Your support of our students makes an impact that is felt throughout our university community.

On behalf of myself and our students - thank you.
